AUTO FUSE IN-LINE HOLDERS (OPTIONAL SPLASHPROOF)

Littelfuse

Part Number	Description
FHA001	20A open type, 1.3mm² (#16AWG) Black
FHA002	30A open type, 3.3mm² (#12AWG) Orange

Voltage: 32V
Body: Black thermoplastic
Pack Size: 1, 10, 100, 1000
Notes: Fuse is not included.
Approvals: RoHS
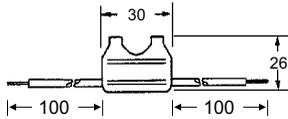

Part Number	Description
FHAC001	20A with cover, 1.3mm² (#16AWG) Black
FHAC002	30A with cover, 3.3mm² (#12AWG) Orange

IP67

Voltage: 32V
Body: Black thermoplastic
Feature: Cover is splash proof
Pack Size: 1, 10, 100, 1000
Approvals: RoHS

SP **Spare Pack (SP):**
Contains 1 fuse holder.
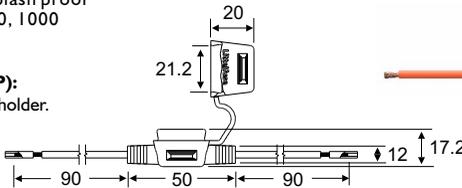

AUTO FUSE IN-LINE HOLDERS (SPLASHPROOF & INDICATING)

Bussmann

Part Number	Description
FHAC001-ID	20A with cover & LED indicator

IP67

Voltage: 32V
Body: Black thermoplastic
Wire: 1.3mm² (#16AWG stranded wire)
Wire Length: 2 x 150mm lengths of wire
Feature: Cover is splash proof
Pack Size: 1, 10, 100, 1000
Approvals: RoHS

Note: FHAC001-ID is an inline fuse holder with a protective cap and open fuse illuminating LED.

AUTO FUSE IN-LINE HOLDERS (SPLASHPROOF & INDICATING)

Prolec

Part Number	Description
FHAC001CLR	20A with transparent cover

NEW

IP66

Voltage: 32V
Body: Transparent thermoplastic
Wire: 1.3mm² (#16AWG stranded wire)
Wire Length: 2 x 130mm lengths of wire
Feature: Cover is splash proof
Pack Size: 1, 10, 100, 1000
Approvals: RoHS
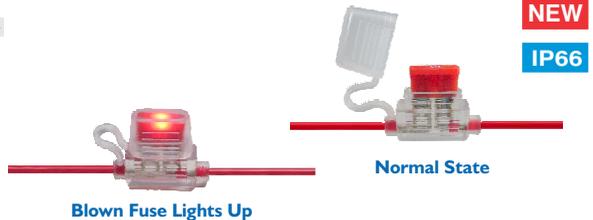

Blown Fuse Lights Up

Normal State

RELATED PRODUCTS:
LED auto fuses see page 22

Note: FHAC001CLR is a transparent inline fuse holder with protective cap that when used with a LED indicating auto blade fuse lights up when a fuse is blown.
